To people now living the epoch since 1789 is the most important and interesting in the history of mankind. It began with a revolution whose effects are not yet all measured; it ended with another whose consequences can scarcely yet even be guessed at. It was ushered in and completed by devastating wars which altered and may alter Europe for many generations. It was a period of mournful

History of Europe - The great age of monarchy, 1648-1789 ...

By the time of Peter's death in 1725, Russia was a European state: still with some Asian characteristics, still colonizing rather than assimilating southern and eastern lands up to and beyond the Urals, but interlocked with the diplomatic system of the West. A larger Europe, approximating to the modern idea, began to take shape.
