What phones have wireless charging? | WhistleOut

Some phones, like the LG G3, come with wireless charging as standard in in Australia, but not in others. Be careful if you are buying from overseas. Be careful if you are buying from overseas. Sometimes a phone using one standard will be switched to another by a carrier, such as the Lumia 1520 which was a Qi phone in many countries, but from AT&T in the US was switched to using the PMA system.

Best Smartphones with Wireless Charging - Tom's Guide

With the Google Nexus 6, Qi wireless charging technology is supported on the phone, so there's no need to buy an extra cover. Unlocked, this phone is quite expensive, at \$499. But Android fans
